

“From start to finish, the entire team at RHI was incredible. Within the industry there aren’t many people willing to break the mold and try something new and different. From concept to finish, Reid and his team listened to what we were asking for and provided multiple choices for our owners to consider. The result was simply amazing.”

At RHI, we’re just a handful of guys who love the game of golf. We’re using state of the art technology to produce the most original, unique, and functional golf course fixtures and accessories on the market today - at prices the ‘big’ companies just can’t compete with.

But don’t take our word for it, see what some of the biggest names in the industry are saying about RHI...

“These are very durable, visible, and just a huge step ahead of anything I have seen before in the marketplace. I know that there are quite a few items that we use on a daily basis that could be done better, and look forward to the day when all of them are replaced by RHI products! We greatly appreciate your help in improving our presentation. Thank you again for taking a tired idea and making it exceptional!

–John Rutecki
Head Golf Professional
Metedeconk National Golf Club
2010 Club of the Year

“You were able to go from idea, to design/concept, to production and delivery faster than other vendors take just to produce a rendering... and your art is so realistic; I couldn’t believe how the actual tee marker resembled the original computer designs. The quality, craftsmanship and attention to detail are unmatched and combined with the value; I know I won’t ever look anywhere else. ”

–Garrett Wallace
Director of Golf
Southern Dunes Golf Club

“The team at RHI has been a pleasure to work with. Their ability to create and tweak a design to match our vision is amazing, and combined with their well-made and incredibly durable products they provide a great solution for helping brand our course”
